

Grab Unit 6 Divider by the door!

1. What is zoology?

2. What is a biome?

Logistics

- **If you missed the DNA test you need to make arrangements to take it**

Ecology

- **What is ecology?**

Ecology

- **What is ecology?**

**The study of *interactions* in
an environment**

Ecology

**The first law of
ecology is that
everything is
related to
everything else.**

Barry Commoner

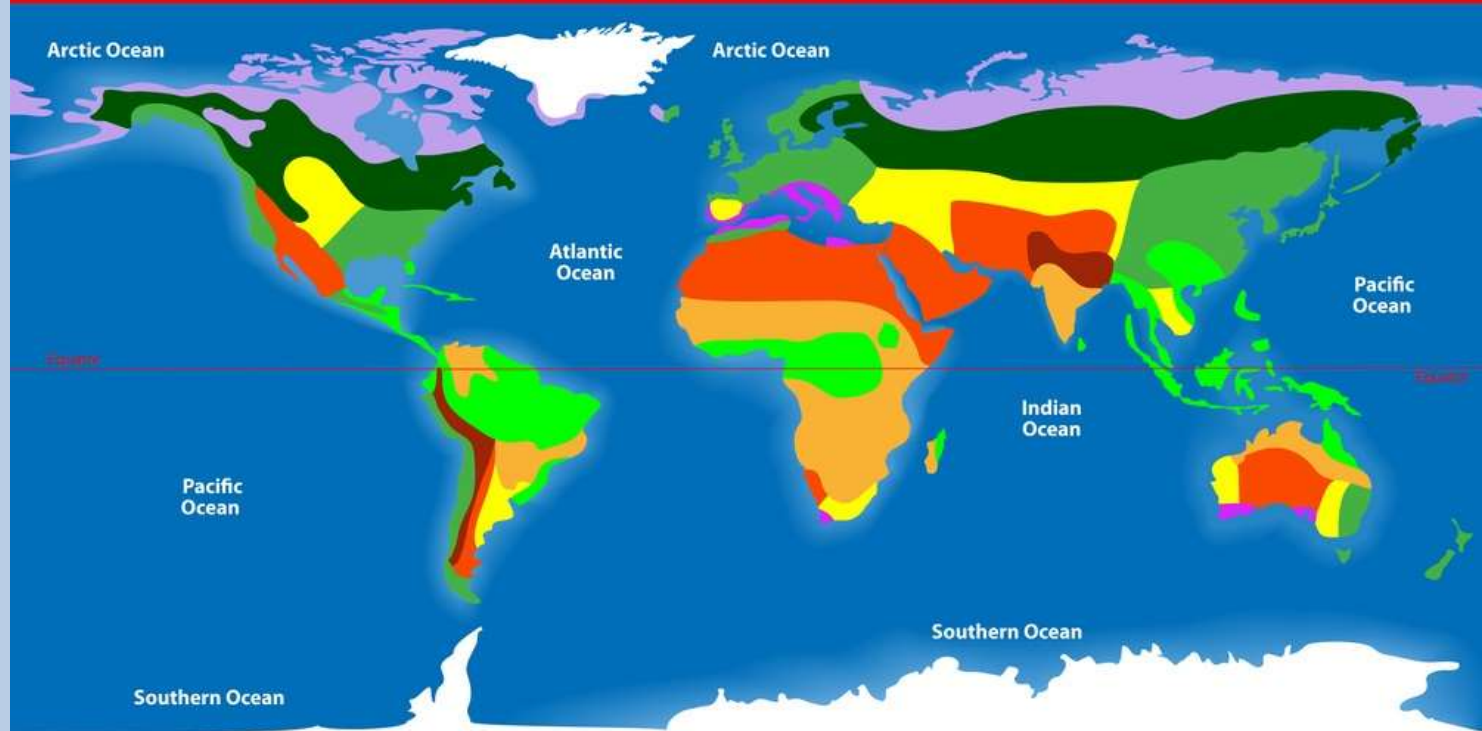

Ecology

- **What were the levels of organization we learned during ecology?**

Categorizing Ecology

BIOME

The main biomes in the world

Categorizing Ecology

ECOSYSTEM

Categorizing Ecology

COMMUNITY

Rain Forest Community

Biome Zoology

- **Within biomes animals have shared characteristics**

Biome Zoology

- **For the next two days you will be working with a group to research animals within a specific biome**

Biome Zoology

- You will then share your findings with another group to compare animals within different biomes

Biome Zoology

- For today you are to complete tasks 1-6
- *IF YOU DO NOT FINISH 6 IT WILL BE HOMEWORK*

Biome Zoology

- For task 3 there are 4 preselected biomes
- THERE CAN ONLY BE 2 GROUPS PER BIOME
- Get to task 3 quickly in order to get your first choice

Biome Zoology

- For today you are to complete tasks 1-6
- *IF YOU DO NOT FINISH 6 IT WILL BE HOMEWORK*
